Dear Federica Bianchi,

Receive much greetings and joy from us at Embu childrens' Home.
We do hope that you are doing well and are okey.

With joy we express our heartfelt gratitude on behalf of the family of Mercy our little girl. We are happy that she will now through your assistance enjoy the provision of one of the basic needs in the life of a child.

We have visited Mercy recently and she is quite healthy and happy despite the fears of the coming rainfall without a good house of which in a short while the problem will be gone. For your information, today we start buying the construction materials for the house. We shall be communicating and send some photos of the development as soon as we start the work.

Mercy is a jolly and intelligent girl. She is performing well in school. At the moment she is living with the grandmother who is also in difficulties to provide food for her, therefore we are kindly asking from your generosity to consider helping her to be in a better school (boarding) where she can eat there and be taken care of.

It is also our hope that one day you will get an opportunity to come and visit us here in Kenya at Embu children's Home as well as see your little friend, Mercy.

May God bless you abundantly, now and in the future.

Wishes from the Sisters Milika, Magdalene, Teresia, Mary and Children

Sr. Milika Mugwe.
